

id	issue	Harshit Comment
1	About us - Mobile App development - d should be capital	
2	open site from instagram - facing error in Home page and contact us page	
3	logo need in email header	
4	Home Page -> Free consultation -> After submit no email get & no successfull message display	
Admin		
1	Login with kinjal , after login when click profile image , show harshit name	
2	Company count show with error => Failed to fetch	
3	Network count => Nothing to display	
4	Logo => No Logos found	
5	Feed back => Ravi patel / Vivek / Nimita / Nayan => Remove this name and set kinjal shah and mihir shah	
6	After click on contact => Cursor blinking on contact	
7	Remove Navigation Text above from Dashboard	
8	https://admin.zyinxweb.com/admin	when open this link from breadcum , it show blank page.
9	Profile image click => Admin word have link but not works	
10	Remove up arrow => Below profile image , right side	
11	Logo is not clickable. It should be redirect to home page.	
12	Delete option should be remove if only one record in to admin
